16 The department shall implement applicability of the

34 EXPLANATION

35 The inclusion of this explanation does not constitute agreement with

1 the explanation's substance by the members of the general assembly.

2 This bill directs the department of human services (DHS),
3 by July 1, 2018, to submit a state plan amendment to the
4 centers for Medicare and Medicaid services of the United States
5 department of health and human services (CMS) to request
6 authorization to establish and administer a methodology to
7 provide supplemental reimbursement to eligible ground emergency
8 medical transportation providers. Supplemental reimbursements
9 provided by the program shall be available only for the
10 uncompensated care costs incurred by eligible ground emergency
11 medical transportation providers. The bill provides, however,
12 that if CMS determines that the state plan amendment authorized
13 and submitted under the bill shall not include, as eligible
14 ground emergency medical transportation providers, those who
15 contract with an eligible governmental entity as specified
16 in the bill, DHS shall revise the state plan amendment to
17 exclude such providers and such revised state plan amendment
18 shall be implemented in lieu of the initial state plan
19 amendment submitted upon receipt of federal approval. Upon
20 approval of the state plan amendment, DHS shall apply the
21 supplemental reimbursement to eligible ground emergency medical
22 transportation providers.
23 The bill takes effect upon enactment.
